

GENERAL MOULDINGS

A full range of Solid Hardwood and Foil or Veneer wrapped MDF are available in both Standard profiles and bespoke exclusive profiles to the customers own drawings. Both Interior and Exterior items are available. Skirtings in long lengths, Casings in sets, Panelling in set lengths, balcony boards, a whole range of different glazing and decorative beads.

Our producing factories in Malaysia have been running container loads of high quality clear grade fully machined mouldings in a range of species for 20 years, supplying both UK and European markets on a monthly basis.

Whilst Dark Red Meranti is the main species used for General Mouldings over the last 20 years, we also supply Keruing in a range of half-lap profiles, Kembang Semangkok in a range of framing profiles, Merbau for flooring and Rubberwood for a whole range of furniture parts.

DECKING

Garden Decking in a complete range of profiles, species and length specifications in Bangkirai, Yellow Balau, Kapur, Keruing, Meranti, Kasai and several others.

All shipped in 20' or 40' containers at Buyers option with a transit time around 4 weeks.

All our Malaysian production is supervised by our Sourcing Director who is permanently stationed in the country.
